

## myFOX Gift Guide: Gifts for Guys

NOV. 25, 2014

This one came at your request. You sounded off on social media telling me the guy in your life is hard to shop for - so here's some great gear just for him!

He'll love it, you'll love that he has it! No more tossing his razor and nail clippers in a plastic bag, this Will Leather Goods wax coated canvas travel kit is a must for any man on your list. Very stylish, but exceptionally functional. A classic and essential item for the well-groomed traveler.
